Industrial Belt Type Microwave Dryer Microwave Drying Machine For Herbs Leaves Tea

Especificaciones :

Precio	Check with Microwave Drying Machine Team Saler
Nombre de la marca	Loyal Microwave Drying Machine For Herbs Leaves Tea
Número de modelo	Microwave Drying Herbs Leaves Tea
Lugar de origen	China
Cantidad minima para ordenar	1set of Microwave Equipment
Términos de pago	TT
Capacidad de suministro	20Days of Microwave Equipment

Introducción detallada :

Microwave dryer microwave machine is a continuous penetrating flow drying equipment applied for drying pieces strip and particles state materials with good ventilation.
The herbs leaves tea microwave dryer microwave drying machine is also suitable for the materials such as dewatering vegetable, herbal medicine of traditional Chinese medicine and others, for which the water contents are high and high drying temperature is not allowed. Microwave dryer microwave machine owns the advantages, of fast drying speed, high evaporation capacity and good product quality. The dewatered & filtered cake state paste material should be made into particles or strips before drying process.
Herbs Leaves Tea of Industrial Belt Type Microwave Dryer Microwave Drying Machine
Herbs Leaves Tea of Industrial Belt Type Microwave Dryer Microwave Drying Machine

Green tea, also known as unfermented tea. Tea leaves are made from suitable tea tree shoots as raw materials through typical processes such as fixing, rolling and drying. The color of its dry tea, the brewed tea soup, and the bottom of the leaves are mainly green, hence the name. According to medical research, green tea among a wide variety of teas has twice or more the health-care function of other teas. So friends who like to drink green tea can refer to the above types of green tea. At the same time, the editor recommends that friends choose the top ten green teas in China when drinking green tea.
Industrial Belt Type Microwave Dryer Microwave Drying Machine For Herbs Leaves Tea processing in man

Why Most Of Customer Choose Our Industrial Microwave Oven?

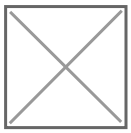
No.	Principle Of Herbs Leaves Tea Microwave Dryer Microwave Drying Machi

1	The materials are uniformly distributed on the mesh belt by the material feeder. The adopts 12-60 mesh stainless steel mesh and it is drawn by a transmission device a
2	The dryer is composed of several sections. For each section, the hot air is circulate
3	Part of exhausted gas is exhausted by a special moisture exhaust blower. The wast adjustment valve.
4	The hot air passes through the mesh-belt covered with bring water material away. T slowly, running speed can be freely adjusted according to the material property.
5	The final products after the drying process will fall into the material collector continu
6	The top and low circulation units can be freely equipped according to the user's req section might be selected according to the production demands.

Parts of Herbs Leaves Tea Industrial Belt Type Microwave Dryer Microwave Drying Machine

What Is The Features Of Herb Drying Equipment?

1. Amount of air, heating temperature, time of material sticking on the belt and velocity of feeding material can be adjusted in order to obtain the best drying effect.
2. Herb Drying Equipment’s con gyration is very excellent. It can use the netlike belt washing system and cooling raw material system.
3. Hot air can be circularly applied, the energy is greatly saved.
4. Unique air dividing device, it makes hot air distribute uniformly; this can guarantee products’quality.
5. Heating source can be selected from steam, conducting heat oil, electricity, and coal furnace and oil burner



Test of Herbs Leaves Tea Industrial Belt Type Microwave Dryer Microwave Drying Machine in Customer's Factory

Parameter Of Herbs Leaves Tea Microwave Dryer Microwave Drying Machine				
No	**Model**	**Power**	**Dehydration Capacity(Kg/h)**	**Sterilization Capacity(Kg/h)**
1	LY-1	12KW	12kg/h	120-150kg/h
2	LY-2	20KW	25kg/h	200-240kg/h
3	LY-3	30KW	40kg/h	300-400kg/h
4	LY-4	60KW	60kg/h	500-600kg/h

5	LY-5	75KW	80kg/h	800-1000kg/h
	Microwave leak		<1 mw/cm^2)	

Layout of Industrial Belt Type Microwave Dryer Microwave Drying Machine For Herbs Leaves Tea Processing

Regarding the industrial microwave oven, customers usually encounter problems:

Q: What is the best way to dry herbs leaves tea**?**

A:Then best way is use herbs leaves tea microwave dryer microwave machine , because the drying speed of the microwave drying oven is usually increased by several times, and the production efficiency of the enterprise will be greatly improved. The microwave dryer microwave machine energy consumption is usually reduced by more than 50%, which can effectively reduce the production cost of the enterprise.The microwave dryer microwave machine realizes uniform drying of materials and pollution-free, and at the same time, it can greatly reduce the drying temperature.

Q: How long does it take to air dry herbs?

A:Different customers have different requirements for drying, so the time is also different. Need to confirm the final dry moisture content.

Q:How do I dry rosemary?

A:Use herbs leaves tea microwave dryer microwave machine, put rosemary are uniformly distributed on the mesh belt by the material feeder and it is drawn by a transmission device and move inside the dryer . For each section, the hot air is circulated separately. Part of exhausted gas is exhausted by a special moisture exhaust blower. The hot air passes through the mesh-belt covered with bring water material away. The mesh-belt moves slowly, running speed can be freely adjusted according to the material property. The final rosemary after the drying process will fall into the material collector continuously.

Which Market Did The Loyalsmall Scale Herbs Dryer Machine Sold?

Our herbs drying machine is summed up by many technical engineers with more than ten years of experience. loyal herbs drying machine has a number of project technology patents, which can provide you with the most detailed formula and process documents. Better to grow in the herbal manufacturing industry while saving the cost of herbal medicine manufacturing, making your herbs drying project profitable in the herbal drying manufacturing industry.

Cooperated Customer With Herbs Dryer Machine Technology At 2021	
1	China 300t/Year Industrial Herb Drying Equipment

2	1T/H Tough Herbs Dryer Machine For Sale In Puerto Rico Factory
3	Senegal 1T/H Industrial Herb Drying Equipment

Second- Cooperation Customers Of Herb Drying Equipment At 2021	
1	1T/H Herb Drying Equipment For Sale In Côte d'Ivoire
2	1T/H Herb Drying Equipment Sold In Russia Agent
3	1T/H Herb Drying Equipment For Sale In Uzbekistan

Cooperated Customer Finished Plant Of Herb Drying Equipment At 2021	
1	1000kg/h Industrial Automatic Herb Drying Equipment For Sale In Senegal
2	Mozambique 1T/H Industrial Herb Drying Equipment Manufacturer
3	1T/H Thai Herb Drying Machine

Cooperated Customer Which Producing High-Classic Product	
1	Austria Sells Industrial Herb Drying Machine 100kg/h
2	Algerian Herb Drying 300kg/h Production Line
3	800kh/h Industrial Herb Drying Machine In Nigeria
