High Quality Continuous Microwave Sterilization Machine For Dehydrated Fruits And Vegetables

Especificaciones :

Precio	Check with Microwave Drying Machine Team Saler
Número de modelo	Sterilization Machine For Dehydrated Fruits And Vegetables
Lugar de origen	China
Cantidad minima para ordenar	1set Microwave Sterilization Machine
Términos de pago	D/A,
Capacidad de suministro	20Days of Microwave Sterilization Machine
Team	Professional microwave technology team
Technology	8 years of microwave technology

Introducción detallada :

Can Microwave Oven Be Used For Drying Process Of Sterilization?

The growing popularity of convenience foods in many parts of the world has spurred an increase in demand for high-quality dehydrated vegetables and fruits. This trend is expected to continue or even accelerate in all emerging economies of the world over the next decade. Therefore, we can see a broad market prospect for dehydrated vegetables. Dehydration provides a way to keep food in a stable and safe state because it reduces water activity and has a much longer shelf life than fresh fruits and vegetables. Microwave sterilization equipment for dehydrated fruits and vegetables offers the opportunity to reduce drying time and improve the final quality of the dried product. It is a wise choice to seize the opportunity to own an advanced Industry Microwave Sterilization Equipment for vegetable and invest in dehydrated vegetable related industries.

Equipment List And Price Of High Quality Continuous Microwave Sterilization Machine For Dehydrated Fruits And Vegetables:

What’s The Microwave Sterilization Equipment For Dehydrated Fruits And Vegetables Price And Paramete				
Model	LY-12	LY-36	LY-70	
Microwave Power	12kw	36kw	70kw	
Microwave Chamber Qty.	2	6	14	
Machine Dimension	7.02*0.72*1.8m	11.7*1.02*2m	22.23*1.02*2m	3
Power Supply	3Phases 5wires 380v 50hz(Or As Required)			

Microwave Frequency	2450±50Mhz
Environment Temp.	-10~50?
Relative Humidity	?80%
Microwave Leakage	Lower Than The National Standard <5mw/Cm2)
Feed And Discharge Port Height	80mm(Or As Required)
Conveyor Speed	0.25-5m/Min, Adjustable
Conveyor Material	PTFE, PVC, Teflon, Etc,.
Machine Material	SUS 304
Standards	In Line With The National Standard Gb10436-89 Comply With National Standard Gb5226 Electrical Safety Standard

Which Drying Uses Microwave Sterilization In Food Processing For Dehydrated Vegetables?

What’s The Advantages Of Fruit And Vegetable Microwave Drying System?	
1	The Insulation Boards Of Microwave Vegetable Drying Machine Are Knocked-Down, So It Is Ve The Food Which Has Fallen Down On The Continuous Microwave Oven's Layer.
2	The Industry Microwave Sterilization Equipment For Fruit And Vegetable Is Fully Automatic. Yo Cabinets To Control The Water Content And Temperature To Demand Your Requirements.
3	The Speed Of The Mesh Belt Is Constant To Keep The Final Material Drying Highly Uniform.
4	Microwave Pasteurization And Sterilization Of Foods Is Featured With Low Labor Invest. The O Done By Just One Worker. Moreover, With Specialized And Compact Design, Our Belt Dryer H
5	Industrial Sterilization Microwave Dryer For Fruit And Vegetable Can Reduce Power Consumpt Are In The Closed Environment To Lower The Heat Loss.

2021 Customer Order Microwave Sterilization Machine For Dehydrated Fruits And Vegetables Form:

Our microwave sterilization machine for dehydrated fruits and vegetables is summed up by a number of 25 technical engineers who have more than ten years of experience. Loyal microwave dehydrating frozen vegetables machine has a number of microwave dehydrating project technology patents, which can provide you with the most detailed operation and process documents, which can save microwave sterilization machine costs while improving good development in the sterilization machine for dehydrated fruits and vegetables manufacturing industry.

Cooperated Customer Request Engineer Installation Microwave Sterilization Equipment For Dehydrated F 2021	
1	Spain 300T/Year Microwave Sterilization Machine For Dehydrated Onions
2	1T/H Microwave Sterilization Equipment For Frozen Strawberries In Puerto Rico Plant
3	1T/H Vegetable Dehydrator Garlic Industrial Microwave Tunnel Oven Microwave Sterilization Eq Factory
4	Senegal 1T/H Quick Microwave Dehydrated Vegetable Chips Manufacturing Equipment
5	1T/H Microwave Sterilization Equipment For Dehydrated Carrots For Sale In Côte d'Ivoire Plant
6	1T/H Industrial Microwave Dehydrated Cassava Sterilization Machine Sold In Russia Factory

Customers Who Purchase Microwave Sterilization Machine For Dehydrated Vegetables Through The Intro Customers At 2021	
7	100kg/H Industrial Microwave Dehydrated Celery Sterilization Machine For Sale In Uzbekistan
8	100kg/h Industrial Automatic Microwave Sterilization Machine For Dehydrated Cauliflower For Sa
9	Mozambique 1T/H Automatic Microwave Pasteurization and Sterilization of Foods
10	Bangladesh 2T/h Industrial Automatic Continuous Industrial Microwave Dehydrated Cabbage Ste
11	1T/H Microwave Dehydrated Onions Sterilization Machine Equipment
12	Uzbekistan 1T/H Microwave Dryer Manufacturing Equipment For Cucumber
13	Usa 1T/H Microwave Sterilization Equipment For Dehydrated Green Beans
14	50kg/h Industrial Microwave Sterilization Machine For Dehydrated Green Cabbage For Sale In N
Customers Who Buy Fruit And Vegetable Microwave Drying System For The Second Time	
15	Algerian Microwave Sterilization Machine 300kg/h Dehydrated Veggies Production Line
16	Sudan 200kg/h Microwave Sterilization Machine For Dehydrated Cauliflower
17	Moldova 200kg/h Dehydrated Cucumber Microwave Equipment For Sterilization
18	200kg/h Continuous Industrial Microwave Sterilization Machine For Dehydrated Okra Sold In Ukr
19	Nigeria 150Kg/H Microwave Dehydrated Beans Sterilization Machine
20	Austria Sells Industrial Microwave Dehydrated Celery Sterilization Machine 100kg/h
Cooperated Agent Of Dehydrated Vegetables Microwave Sterilization Machine At 2021	
21	Nigeria 150Kg/H Microwave Dehydrated Garlic Sterilization Machine Machinery
22	Industrial Peas Vegetable Microwave Sterilization Machine For Sale In Pakistan 100kg/h
23	Austria Sells Industrial Microwave Dehydrated Cauliflower Sterilization Machine Machine 100kg/h
24	500Kg/H Microwave Sterilization Machine For Dehydrated Onions For Sale In Botswana Agent
