

Wafer Biscuits Making Machines

Especificaciones :

Nombre de la marca	LOYAL
Lugar de origen	Shandong? China
Cantidad minima para ordenar	1 set
Términos de pago	L/C,D/P,T/T
Detalle de Envio	30days /Chocolate Wafer Making Machine
detalles del empaque	Wooden case or wooden pellets depended on clients' requirement

Introducción detallada :

As one professional wafer Biscuits machine manufacturer, we can offer small, medium and large automatic wafer biscuit production line for sale. The wafer Biscuit production line has reasonable price, reliable quality and professional service! Our company provides customers full set service. Cost accounting, biscuit design, biscuit recipes, machine installation and debugging, design Wafer Biscuits Making Machine molds according to customer requirements.

The wafer production line uses a door type sheet cooling machine, which has the characteristics of aesthetics, increased number of cooling sheets, convenient access for staff, and the addition of a vertical freezer and refrigeration system to better improve the temperature, humidity of wafer biscuits, improving quality and taste of wafer biscuits, kind of standard type of wafering equipment. This production line is suitable for small and medium-sized enterprises, independent vendors, and new developers who have certain requirements for production. Investors can also choose according to their own sales and production requirements.

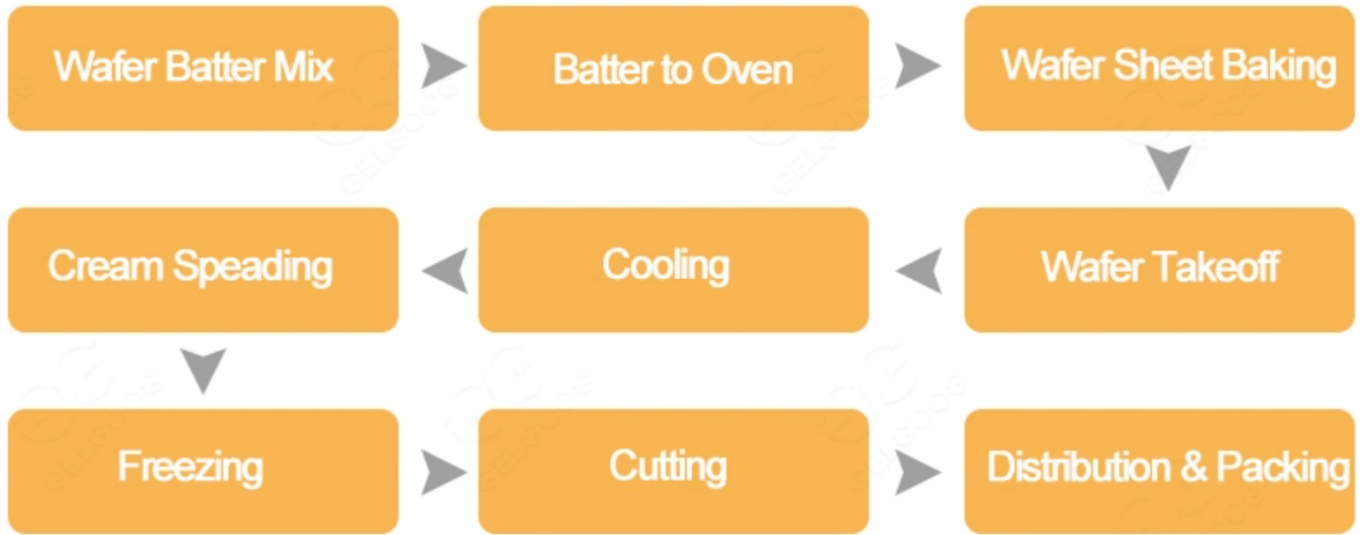

Technical Parameters And Price Of Wafer Biscuits Making Machine

Technical Parameters And Price Of Wafer Biscuits Making Machine			
Model NO.:	LY-CF4	Packaging Technology:	Mildew Proof Packaging
Circulation Function:	Single Packing	Frequency of Use:	Packing
Mode of Operation:	Packaging of Export Products	Packing Material:	OPP/CPR PT/PE, Kop/CPR Alu-Foil
Packaging Type:	Bags, Film	Packing Speed:	50-200bag/Min(One Lane)
Main Function:	Feeding and Packing Line	Certificate:	Ce
Transport Package:	Wood Case	Specification:	9500*7500*1500
Trademark:	TEFUDE	Origin:	China

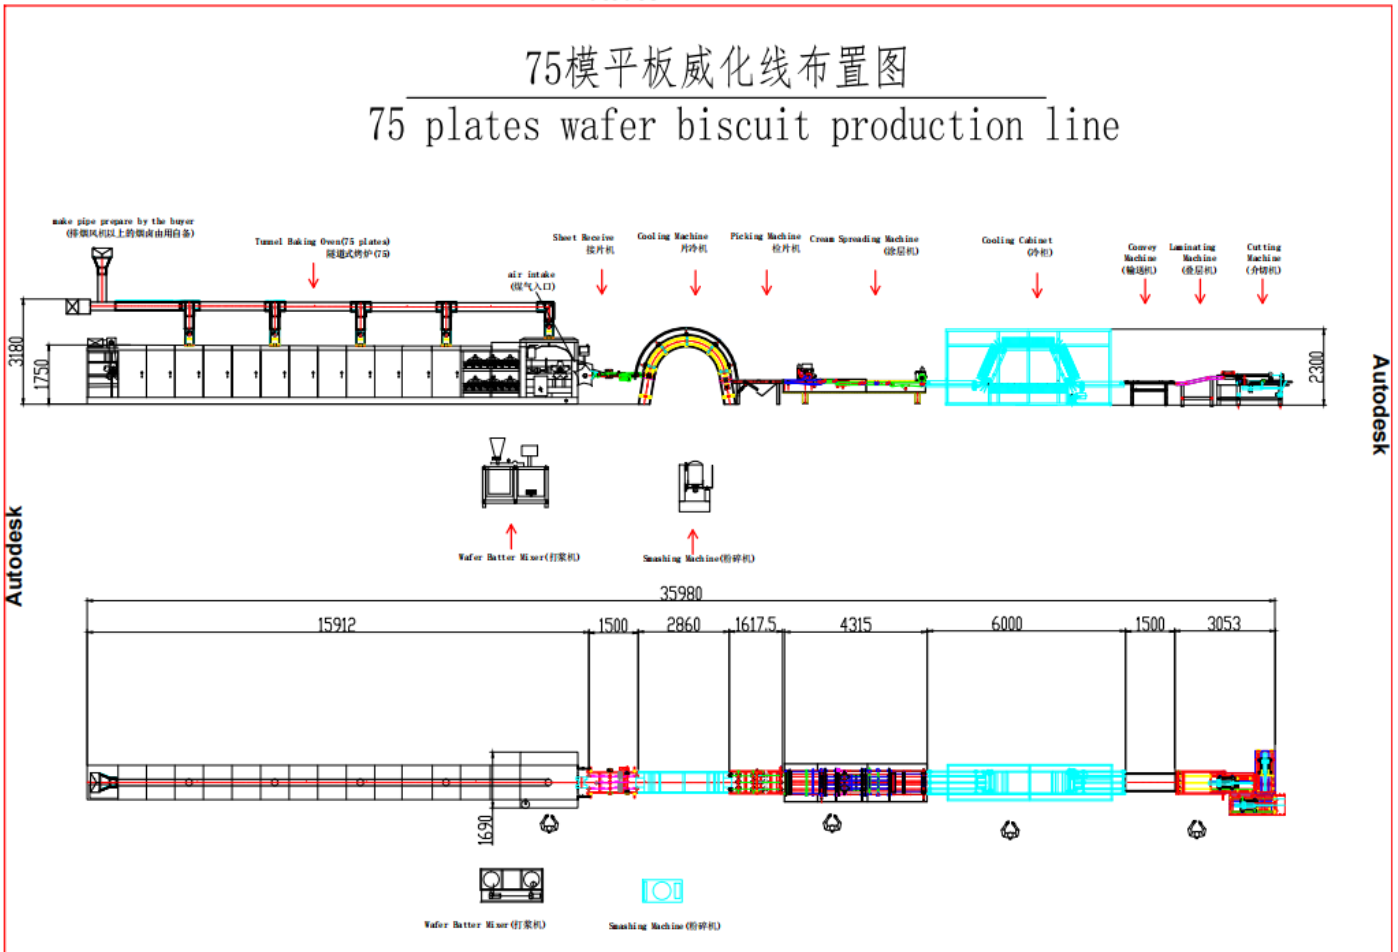

What Are The Steps In Making wafer biscuits ?

What Biscuit Making Machine In Industry are used in Chocolate biscuit?

Wafer Biscuits Making Machine adopts flour, wheat flour, potato starch, potato powder, and corn starch as main materials, to produce a variety of biscuit food in different taste. It is necessary to use the biscuit production line for production. The technological process is: Batter Mixing -- Wafer sheet baking -- Wafer Sheet Cooling -- Wafer sheet cream coating -- Wafer sheet cooling -- Wafer biscuits cutting

Autodesk

Autodesk

What is The Application Range?

LY-CF4 automatic feeding, alignment, distribution and packing without workers and widely used in the food industry, chemical industry, Pharmaceuticals, Hardware and other industry which products are round, square and bar.

How to produce biscuit? Here is biscuit manufacturing process---

Wafer Biscuit Making Process	
1	Dough Mixer
2	Automatic Dough Tipping and Sending System
3	Three-roll combination sheeter for feeding and sheeting dough
4	Laminator for overlapping dough to sheeting on gauge rolls, included flour spreading machine (Special for Soda cracker & Hello Panda biscuit)
5	Gauge Roller
6	Rotary Cutter with Scrap collection and return system for Hard Biscuit
7	Rotary Moulder for Soft Biscuit
8	Tunnel Baking Oven
9	Cooling Conveyor & Stacker Machine
10	Packing Table

Model Parameters And Price Of Automatic Biscuit Production Line

Technical Parameters And Price Of Automatic Biscuit Machine								
Models	LY27	LY33	LY39	LY45	LY51	LY65	LY69	LY75
Baking Oven Length(mm)	6000	7150	8300	9450	10600	13300	14000	16000
Whole Line Length(mm)	22000	23150	24300	25450	26600	29300	30000	35400
Power (Kw)	5.52	5.52	5.52	5.52	5.52	8.12	8.12	8.12
Consumption LNG(m ³ /h)	21	26	30	35	40	50	54	58
Capacity(pcs/min)	14	17	20	23	26	33	35	38

Siemens Motor Of Wafer Biscuits Making Machine

Siemens Motor Of Wafer Biscuits Making Machine		
1	Package Level 1 Units:	0 Carton
2	Product Name:	3-Phase Squirrel Cage Motor
3	Product Net Weight:	5.9 Kg
4	Product Type:	3Aa2__M3Aa_le2_Aa
5	Scip:	27ac6190-e1ce-4080-8654-6552aaabbe58 Finland (Fi)

6	Selling Unit Of Measure:	Piece
7	Standards:	Iec 60034-1
8	Starting Of Motor:	Direct Online

As a small biscuit machine factory, to adopt the small scale biscuit making machine is a good choice, here was the price of biscuit machine for your refer----

Machine Price For Automatic Biscuit Pellet Machine

Machine Price For Wafer Biscuits Making Machine		
	Output Of Biscuit Making Machine	Price Of Biscuit Making Machine
1	100-150Kg Per Hour	12,000 Usd-18,500Usd
2	150Kg -200 Per Hour	22,500 Usd-25,500 Usd
3	200-300Kg Per Hour	30,500 Usd-42,500 Usd

Batter Mixing -- Wafer sheet baking -- Wafer Sheet Cooling -- Wafer sheet cream coating -- Wafer sheet cooling -- Wafer biscuits cutting

Formula Of Biscuit Processing By Wafer Biscuit production line:

Formula Of Biscuit Processing By Wafer Biscuit production line:		
No.	Ingredient	Content
1	Flour:	25kg
2	Sugar:g	6k
3	Palm oil:	6kg
4	Butter:	0.5kg
5	Water:	2.5kg
6	Syrup:	300g
7	Ammonium bicarbonate:	100g
8	Baking soda:	100g
9	Salt:	150g
10	Starch:	1kg

Main parts of production line for Wafer Biscuits Making Machine

Main parts of production line for Wafer Biscuits Making Machine

1	Baking oven	This baking oven consists of batter injection system, gas heating system and gas leaking alarm system, plates' transferring and connecting devices, is full metal structure with perfect heat preservation, with elegant appearance. Observation windows are set for each heating area to facilitate the inspection of production, the burner is redesigned and adopts state of art energy-saving burning technology to improve the heat efficiency greatly. The temperature in the oven is uniform.
2	Cream spreading machine(Single head)	Spreading cream on surface of wafer sheet by pressing roller. The cream hopper with heating device keeping the hopper temperature
3	Cutting and laminating machine	Laminate the wafer sheet and cutting wafer sheet into wafer bar as per demand

Whats is Main Features of Automatic Wafer Biscuits Making Machine?

Main Features of Automatic Wafer Biscuits Making Machine		
1	The baking oven has 39 moulds	The mould frame is nodular cast iron, the grilling plate is heat-resistant cast iron, the standard baking pan specification is 470*325 mm, and the maximum is 500*350 mm; the power transmission mechanism and the walking wheel are nationally patented; pid automatic temperature control, wafer film uniform color;
2	Batter mixer is all stainless steel	Dynamic and static ring blade batter mixer, in 3 minutes, 25 kg of flour can be beaten into batter; electrical design using ip55 waterproof design, batter mixer can be quickly rinsed with water;
3	Arch type cold film machine is all stainless steel	Independent motor drive;
4	Cream coating machine	Frame is a stainless steel tank structure, the motor cable and pneumatic components are sealed in the tank slot, waterproof and dustproof; the coating head is a combination structure, and the assembly and disassembly and cleaning are convenient; the stacking mechanism is a rotary plug-in structure. The layer is not controlled by the thickness of the cream layer and the number of lamination layers. The smooth stainless steel laminating roll is particularly easy to clean quickly and does not have a sanitary corner; the pressing mechanism is a double-rolled cake
5	The freezer is of stainless steel structure	304 stainless steel parts in contact with the wafer cake, the cooler is external, the inlet temperature of the freezer is 5°C, and the relative humidity of the freezer is 55%;
6	Fast cutting	The cutting machine is a blade type cutting machine with a standard cutting speed of up to 8

Customer Cases For Wafer Biscuit Manufacturing Machine Production Line In 2022

Dealed Customers Who Purchase Hard Wafer Biscuit Production Line In 2022	
1	Sudan 200kg/h Wafer Biscuit Machine
2	Moldova Small Wafer Biscuit Equipment For Sale

3	200kg/h Wafer Biscuit Machine Sold In Ukraine
4	Nigeria 150Kg/H Wafer Biscuit Processing Machine Price
5	Austria Sells Industrial Wafer Biscuit Production Equipment

Customer Case Of Small Scale Automatic Wafer Biscuit Production Line At 2021

1	100KG/H Thai fully automatic Wafer biscuit production line for Thailand customer
2	100KG/H small scale automatic Wafer biscuit making machine for sale in Uzbekistan
3	100KG/H fully automatic Wafer biscuit making machine for sale in Nigeria

Customer Case Of Industrial Automatic Wafer Biscuit Production Line At 2021

1	Industrial Wafer biscuit making machine fully automatic 100KG/H in Algerian
2	80KG/H industrial fully automatic Wafer biscuit making machine for sale in Senegal
3	100KG/H industrial Wafer biscuit making machine buy online sold in Russia

Customer Have Raw Material Case Of Automatic Wafer Biscuit Production Line At 2021

1	500KG/H industrial wafer biscuit making machine for sale in Bolivia
2	Mozambique 500KG/H industrial automatic Wafer biscuit making machine
3	300KG/H fully automatic automatic Wafer biscuit production line for sale in Pakistan
