高效精准的满足客户多样配方需求

Shandong loyal industrial Co., ltd's main product: [Low-temperature cold-pressed dog food production line](#)

Introduction of [Cold Pressed Dog Food machine](#):

[Cold pressed pet food machine](#) uses fresh ingredients to reduce the loss of nutrients and retain the original flavour of ingredients, enhancing your dog's interest in eating. [Large Capacity Cold Press Dog Food Making Machine](#) is composed of feeding roller, die roller and canvas drive rubber roller. Driven by three motors respectively, frequency conversion speed regulation. The pressing of the rubber roller is automatically controlled by the motor, and the two sides of the demoulding pressure roller can be adjusted. In the [cold pressed pet food machine](#), there are mechanisms such as canvas rectification and tension, faceting knife adjustment, canvas scraping and slag cleaning, feeding roller gap adjustment, and assisting assembly and assembly of pressing rollers. In the secondary canvas conveying place, there is a slag recycling device, which is clean and hygienic. [Low Temperature Baking Dog Food Making Machine](#) adopts frequency conversion speed regulation. Change the mold to produce granular products of various shapes.

The Details Low Temperature Baking Dog Food Making Machine

Capacity	50-60KG/h; 150-200KG/h; 200-250KG/h; 400-500KG/h; 600-800KG/h; 1000KG/h; 2000KG/h
Electricity supply	Customized according to your local electricity situation.
Machine details	1. Stainless steel, 201, 304, 316, on request. 2. Electrical components can be ABB, Delta, Fuji, Siemens; famous brands.
Certificates	CE, GOST, TUV, BV
Raw material	Meat, bone meal, starch, vegetable oil, etc.
Product colour	Brown, yellow, black, etc.

Feature Of **Cold pressed dog food machine:**

High degree of automation

Low Temperature Baking Dog Food Making Machine has a very high degree of automation, **Large Capacity Cold Press Dog Food Making Machine** can well meet the needs of customers and fully meet the needs of various enterprises.

Large output

Cold Pressed Dog Food machine can realize multiple batch processing, thus avoiding problems such as equipment downtime and long downtime due to different batches. The output of the equipment is large, thus ensuring the production efficiency and quality. At the same time, the production speed of the equipment is fast, and the output can be adjusted at any time according to the output needs of different users.

Low energy consumption	<p>Low Temperature Baking Dog Food Making Machine can effectively reduce the utilization rate of energy and achieve the purpose of saving costs.</p>
Sanitation and cleaning	<p>Fresh Meat Cold Pressed Dog Food Machine Pet Food Machine adopts a new type of dust removal equipment, which can well avoid dust pollution to the surrounding environment and ensure environmental hygiene. In the process of processing, a certain amount of dust will be generated. If the dust is not effectively removed, the dust will cause harm to the health of the workers.</p>
Easy to operate	<p>Fresh Meat Cold Pressed Dog Food Machine Pet Food Machine is easy to operate and easy to use, whether it is a small-scale enterprise or a large-scale enterprise, it can be easily used.</p>

The above are the characteristics of the **Low Temperature Baking Dog Food Making Machine**. **Cold pressed pet food** advantages of large output, high efficiency and low energy consumption, and can meet the needs of various customers.

Cold-pressed dog food has the following advantages for dogs:

Retains More Nutrients: The lower temperatures used in the making of cold-pressed dog food retain more nutrients, vitamins and minerals. This makes cold-pressed dog food superior in providing complete nutrition.

Easier to Digest: Cold-pressed dog food has a lower starch content and a higher fiber content, which makes it easier for a dog's digestive system to absorb and digest. In contrast, higher levels of starch in dog food can lead to intestinal problems.

Promotes oral health: Due to the harder texture of cold-pressed dog food, dogs need more chewing movements to break down the food. This helps stimulate saliva production, promotes oral health and prevents problems like tartar.

Stimulate Appetite: During the production of cold pressed dog food, the natural ingredients and spices used can increase the taste and smell of the food and stimulate the dog's appetite. This is great for picky eaters.

Suitable for a variety of dogs: Cold-pressed dog food can be applied to different ages and weight stages of various dogs. According to the needs of dogs, cold pressed dog food can be adjusted to the appropriate proportion of protein, carbohydrates and fat content.

Note that despite the many benefits of cold-pressed dog food, every dog's needs are different, so it's best to seek the advice of a veterinarian or professional dog food consultant when choosing a dog food.
