Shandong Loyal Industrial Co., Ltd will participate in the GULFOO EXHIBITION in Dubai from November 7, 2023 to November 9, 20 Today, all exhibitors returned to China. Through this exhibition, ou company has gained a lot.

By participating in this exhibition, our company's exposure in the international market has been increased. Our company can establish business contacts with more international buyers. By communicatin peers around the world, we can also more accurately grasp internati trends. Trends, face-to-face communication with customers, so that company can understand the intuitive needs of customers more clea At this exhibition, we came into contact with different companies a industry people from all over the world. We had face-to-face communication with customers, which promoted our connections w customers and established a network of communication with custon and dealers around the world. bridge. Face-to-face communication customers allows them to better understand our company, intuitivel the full sincerity our company brings to customers, establish a good

image in the minds of customers, and enhance our brand awareness
This is also the first time our company has participated in an exhibi
the Middle East. Through this exhibition, our company has come in
contact with customers from all over the world, and has a clearer an
more intuitive understanding of customer needs, preferences and ov
market trends, which has pointed the way for the further developme
our company. The way forward is to formulate newer market
development strategies and explore newer and larger international
markets.

The most direct purpose of participating in the exhibition is to broa
our company's sales channels, increase our company's business
opportunities, interact with customers and dealers from all over the
at the exhibition, understand their needs, and provide optimal soluti

site. This Our company has a larger sales space and has established business relationships with more partners.
Through this exhibition, we also contacted old customers who had purchased our products. Under the leadership of the customers, our visited the customer's factory. Going deep into the customer's factor allows us to have a clearer understanding of the customer's business model and understand the customer's actual needs. We can also see potential problems or bottlenecks and propose corresponding soluti deepen mutual understanding and trust. Collaboration potential can be discovered, problems solved and improvements made to further strengthen the partnership.
This trip to Dubai ended successfully. This trip to Dubai has broade our company's international market and established deeper cooperat with customers. All of this is inseparable from everyone's support. C company also hopes to be able to cooperate with you in the future. W look forward to further cooperation!
